HALLOWE'EN QUIET AND NO PROPERTY WAS DESTROYED

Young America Content to Celebrate With Harmless Pranks.

Little disorder marked Halloween in Walla Walla last night, and the police had less trouble than had been expected. There was no serious property destruction, the youngsters seeming satisfied with amusement along other lines. Deputy Sheriff George Thompson was called to College Place about 10 o'clock to "round up" a bunch of youngsters who were making night hideouts, but a few shots from the officer's automatic, fired into the air, sent the spooks and goblins scampering for cover. No property destruction was reported from that place.
